PROFESSIONAL SUMMARY

Full Stack Developer with 4+ years of experience — backend at Wipro Technologies, full-stack freelance delivery, and currently building client products at LeadWorkz. Proficient in React.js, Next.js, Java/Spring Boot, and TypeScript. Delivered QR Factory (React Native IoT app), LeadWorkz.com (Next.js 15), MindCraftSpaces.in (managed office-space platform), and Design1Studio (35+ page SEO platform). Hands-on with SEO, GA4, GTM, and digital marketing from live client projects.

Adopts AI-assisted development workflows (GitHub Copilot, Cursor, Claude Code, Google Antigravity) to accelerate delivery and code quality, with hands-on experience integrating LLM APIs (Claude/Anthropic) into production features.

TECHNICAL SKILLS

Frontend: React.js, Next.js 15/16 (App Router, SSR/SSG/ISR), React Native (Expo), TypeScript, JavaScript ES6+, Tailwind CSS, Framer Motion, GSAP, Three.js, Recharts, Vite

Backend: Java 17, Spring Boot 3.x, Spring Security, JWT, RESTful APIs, JPA/Hibernate, Node.js, Maven

DB / CMS: MySQL, PostgreSQL, SQLite · Sanity CMS, Resend API, Google Sheets (Apps Script), Green API (WhatsApp), WebSocket

AI Tools: GitHub Copilot, Cursor, Google Antigravity, Claude Code — AI-assisted coding & code review · Claude API (Anthropic) — LLM integration for production features · MCP (Model Context Protocol) — server integration for tool-augmented AI workflows

DevOps / Tools: Git, GitHub Actions CI/CD, EAS Build, Vercel · VS Code, Figma, Postman

WORK EXPERIENCE

Full Stack Developer — *LeadWorkz Pvt. Ltd., Bangalore* **Apr 2026 – Present**

- Building and delivering full-stack client products — React Native factory apps, Next.js marketing websites, and CMS-integrated platforms for live production.
- QR Factory (v2.4.1) — Dual-role React Native IoT app; camera QR verification, offline-first SQLite, WebSocket real-time alerts (<1s latency), Google Sheets auto-sync. Deployed across 5 Android devices on factory LAN.
- LeadWorkz.com — Next.js 15 site; Three.js WebGL hero with post-processing effects, Framer Motion + GSAP animations, 10+ service pages, mega-dropdown nav, Resend email API.
- MindCraftSpaces.in — Next.js managed office-space marketing site for JP Nagar, Bengaluru; image galleries, embedded video walkthroughs, interactive floor plans, Google Maps integration, GTM-tracked lead enquiry flow.
- Design1Studio (design1studio.in) — 35+ page SEO platform; Sanity CMS, Three.js, JSON-LD structured data, GA4 + Search Console, from zero digital presence.
- Integrated Claude API (Anthropic) for AI-assisted content/support features; used Cursor, GitHub Copilot, Claude Code & Antigravity across projects to speed up development.

Freelance Full Stack Engineer — *Independent · Remote* **Oct 2024 – Mar 2026**

- Independently architected, built, and shipped full-stack products covering frontend, backend, deployment, and client delivery.
- Order Management System — Next.js SSR + Spring Boot 3.2 REST API; JWT RBAC, coupon engine, Recharts admin dashboard, GitHub Actions CI/CD.
- VisionExtract — U-Net + ResNet-50 on 118k COCO 2017 images; 90–96% pixel accuracy, Gradio production interface.
- Elam Textiles — Responsive e-commerce storefront; 500+ products, WhatsApp click-to-chat, Google Maps. Live on Netlify.

Backend Engineer — *Wipro Technologies, Bangalore* **Apr 2022 – Oct 2024**

- Developed and maintained RESTful APIs in Java/Spring Boot MVC microservices — business logic, JPA/Hibernate data access, and frontend team integration.
- Reduced defect resolution time by 30%; achieved 80%+ JUnit/Mockito test coverage; code reviews and peer mentoring.
- Collaborated in Agile sprints — planning, standups, retrospectives — consistently delivering within commitments.

Software Eng. Intern — *PSGTech NMC, Coimbatore* **Nov 2020 – Feb 2021**

- Optimised 12+ MySQL queries; 35% page-load reduction for 500+ DAU. Documented 3 feature modules, accelerating delivery by 2 sprints.

UI/UX Designer Intern — *Isocrates Education Services, Remote* **Jul – Aug 2020**

- Designed wireframes, prototypes, and UI components for an education platform in Adobe XD, aligned with brand guidelines.

EDUCATION & ACHIEVEMENTS

B.Tech, Information Technology

PSG College of Technology, Coimbatore · 2018 – 2022

- HackerRank Java Gold Badge — Problem Solving
- Wipro Recognition Award — Consistent Delivery
- National Science & Technology Fair 2019 (CODISSIA)
